

SELECTED WORK

Selected work.

Digital products with purpose, built from first idea to real-world launch.

MOBILE / WEB / AI

From idea to impact.

We bring strategy, design, engineering, testing and launch into one connected product journey.

01 DISCOVER 02 BUILD 03 LAUNCH

One team, from first sketch to release.

Reading app | IN PROGRESS |

01 / SELECTED PROJECT

Fasih

A daily Arabic vocabulary companion designed around a small, repeatable learning habit.

- Swipe through words, meanings and vowel marks
- Explore roots, details and word families
- Practice with games, review and streaks

becomefasih.app

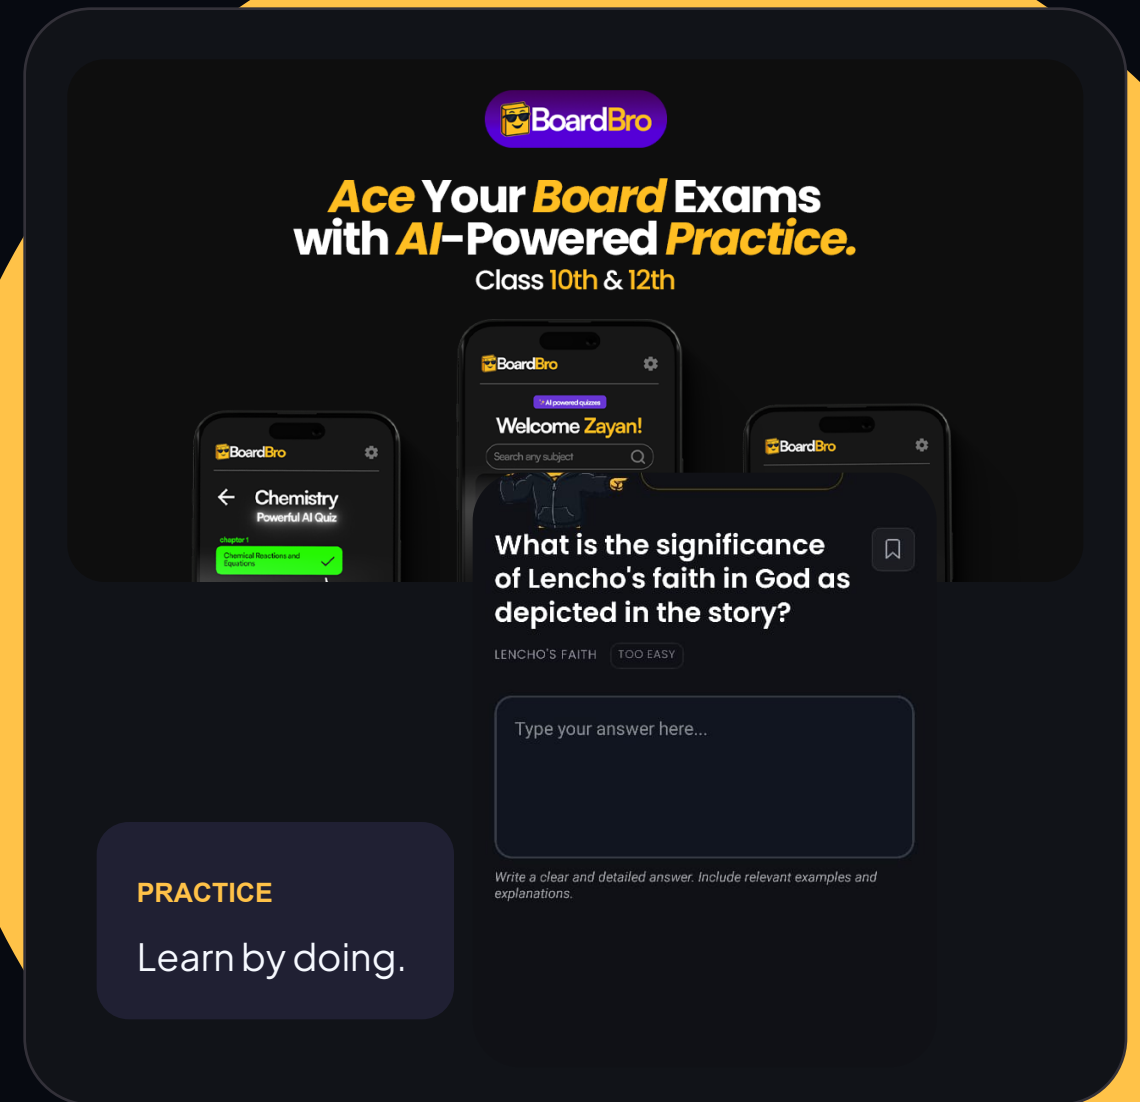

02 / SELECTED PROJECT

BoardBro

A practice app for Class 10 and 12 board exams, built around questions, feedback and progress.

- Board-level practice with explanations
- Feedback that helps students improve
- Clear performance and weak-area insights

boardbro.in

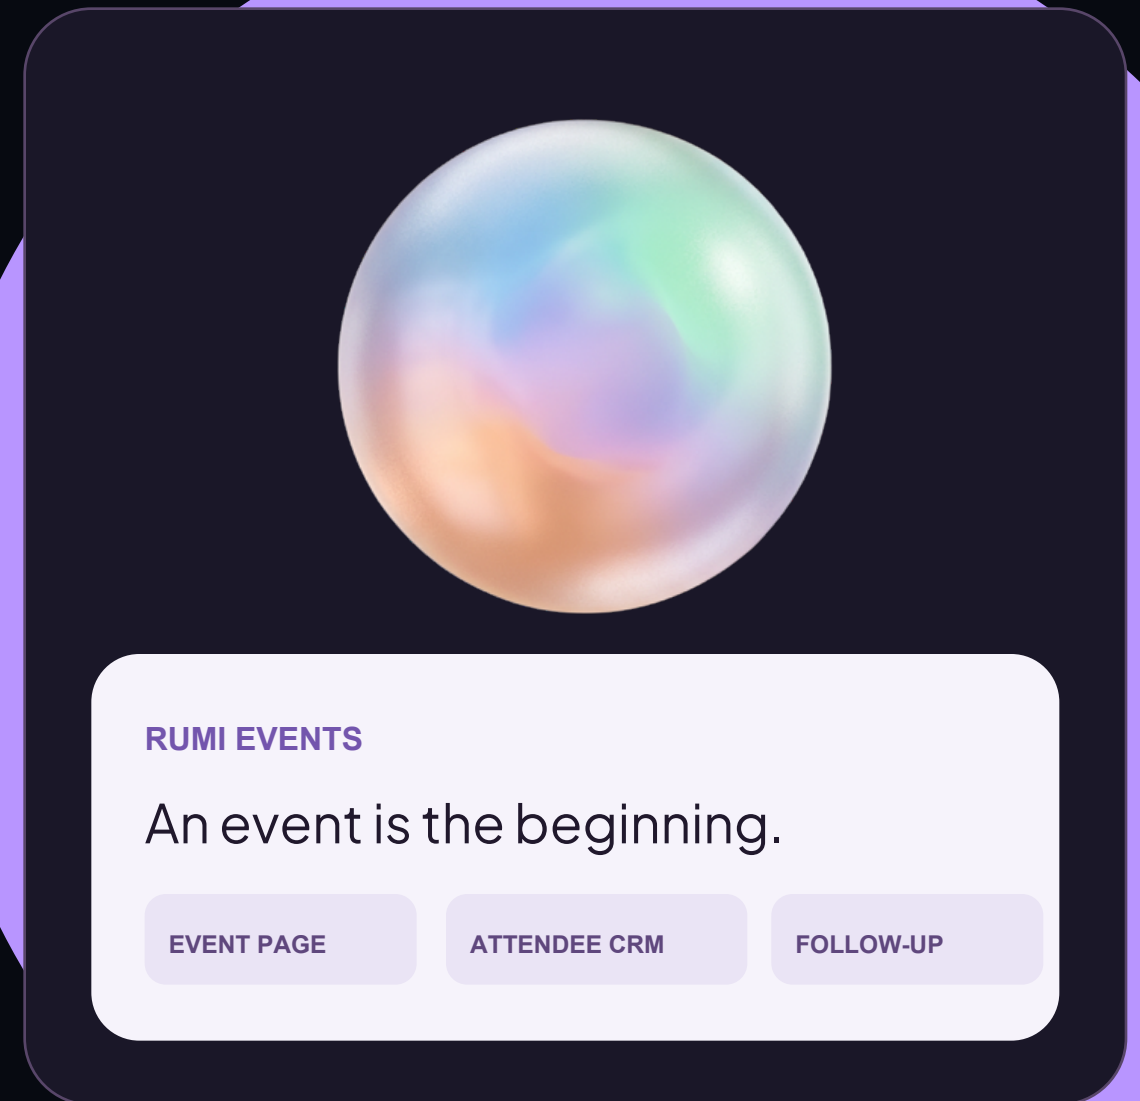

03 / SELECTED PROJECT

Rumi Events

Branded event pages and a built-in attendee CRM that turn each RSVP into a lasting relationship.

- Create designed registration pages in minutes
- Collect RSVPs and ticket payments
- Keep attendee context ready for follow-up

rumiform.com

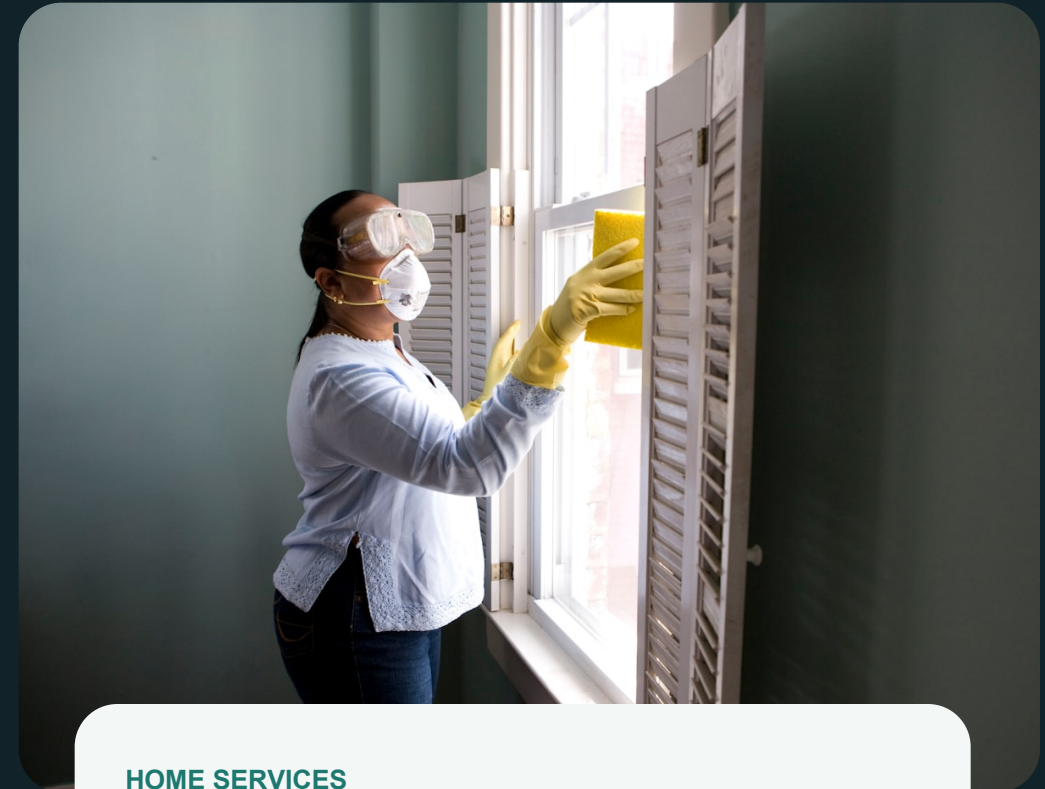

04 / SELECTED PROJECT

Sirwish

A home-services experience for the UAE, bringing verified professionals and clear booking together.

- Browse a broad home-service catalogue
- Book with transparent pricing
- Choose trusted, verified professionals

sirwish.com

HOME SERVICES

Care, booked simply.

Cleaning / AC service / Salon / More

05 / SELECTED PROJECT

Fluxix

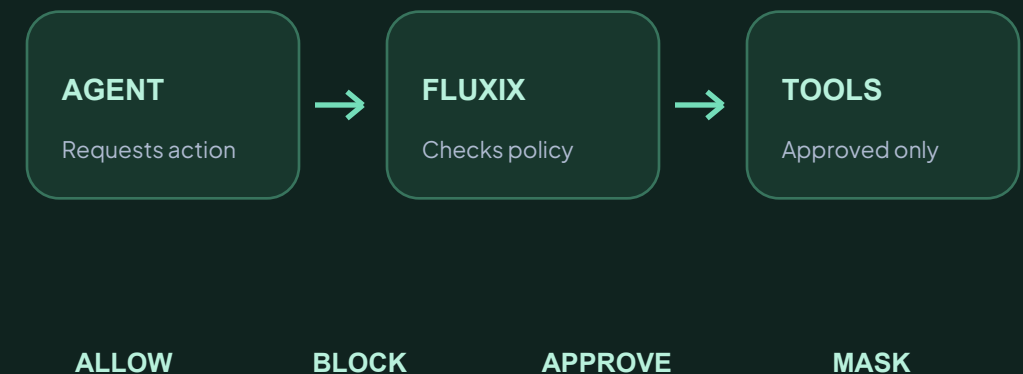

Runtime guardrails that check agent actions and protect sensitive data before tools execute.

- Policy checks at the moment of action
- Sensitive-data masking and redaction
- Human approvals with a full audit trail

fluxix.ai

A safer path for agent actions

06 / SELECTED PROJECT

Readersgram

A calm reading app that reveals memorable passages one sentence at a time.

- A reading feed tuned to individual taste
- Notes, saved passages and a personal shelf
- A considered rhythm for daily reading

getreadersgram.web.app

Let's make what's next.

From early idea to launched product, we bring the right people and the details that make it work.
